ever, to the project of Joseph Brucker, committee on account of Roosevelt, the American amateur aeronaut, to sail. William L. Ward, Republican national the American amateur aeronaut, to sail in an airship from the Cape de Verde

Islands to the West Indies The project, it is now said, will be carried out earle in 1911

Mr. Brucker has for many years made To a specialty of meteorology and has written A Dix much on that subject. In February last. ble, but a comparatively simple matter, given one or two favorable circumstances. The dirigible balloon he plans to use Leave Barnes will be fifty meters long with a maximum diameter of fifteen meters. Its gas capactive will be 6.300 cubic meters. The most noteworthy departure from the details of the ordinary airship is the substitution for the usual caref a powerful twist.

The speaker asked what good it did the Democrats to declare for a lower two back fences and got into 18 to guard the Democrats to declare for a lower two both the candidate named by the convention, showed no signs of quitting the job to of the Republican night. He said emphatically on Saturday the Bochester convention as "a directorate tution for the usual caref a powerful twist."

The speaker asked what good it did the Democrats to declare for a lower two back fences and got into 18 to guard the boy. The detectives were so insistent at the door that she took the boy might. He said emphatically on Saturday the Rochester convention as "a directorate day that he would not withdraw in favor of bosses in a back room taking orders and hid in 136. She was found out there by the detectives. Finally she took the boy to the goof, climbed down through her own skylight and locked every door." of the ordinary airship is the substi-tution for the usual carof a powerful seagoing motor boat, with a mast on a swivel, allowing it to be raised or lowered. The use of such a boat, Mr Brucker declares, will render the voyage free from all danger

from all danger
Mr. Brucker's original intention was to start from Cadiz, but later he decided to sail from Teneriffe, thereby saving 698 nautical miles. It seems that another change must have been made, if it is as stated above that he will start from the Cape de Verde Islands. After passing over the West Indies. Mr. Brucker said he intended to proceed Brucker said he intended to proceed to New Orleans and thence to New York.
